REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: With regard to claims 24 and 31 the examiner agrees that the Vicard reference and the prior art do not explicitly show sending the address and then the data without waiting over the link. Since it is not clear from Vicard that its system operates in this way, the claims are considered to be allowable over the reference. It is noted that applicant argues that the invention avoids the latency that is introduced in Vicard by the buffering of the address and data before it is sent. However, applicant's invention also requires buffering and encoding of the address and data into frames before they are sent over the link as discussed at least on page 19 of the specification.
2. With respect to claims 54 and 58, the prior art does not show the tagging of the transactions in combination with the other elements of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Glenn A. Auve whose telephone number is (571) 272-3623. The examiner can normally be reached on M-F 8:00 AM-5:30 PM, every other Friday off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mark Rinehart can be reached on (571) 272-3632. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
